Websites to support learning in KS1

Following a few requests from parents, I have come up with a list of websites with games suitable for children in Key Stage One (Classes One and Two). These are rated by how much support is generally needed and grouped into subjects where necessary. I hope this helps to provide a fun way to extend children's learning at home.

Name of Subject/Site	Site Web Address	How much support is needed?
Literacy	* easy ** some help *** some aspects quite tricky, more support needed
